THE STRUCTURE

How your capital is protected

01 A written agreement

Your fixed return is agreed before you commit, documented in a formal loan agreement.

02 Secured on property

Your loan is secured against the asset itself — bought below market value in demand areas.

03 Monthly reporting

Photos, spend and milestones every month, from acquisition through to completion.

04 A defined exit

On refinance or sale, your capital and agreed return are repaid.
